Case No. 08-1475 CRB

Motion Seeking Response
To 4-1-08 motion and seeking
Delay in Summons and Serving
Defendants Complaint and
IFP accepted?

Facts

- ① I filed motion and sent 2 copy asking for original filed district court record and copy time stamp and return for my records. Judge Bryer This action was filed March 17, 2008 it almost 80 days since filing and summons need to be sent out with copy of my complaint and proof of service sent to me.
- ② Previous actions all defendants were not served and I never received acknowledgment of services and other violations of my due process that you're shown favoritism to attorney general violating impartial actions in actions and filing motions. Judge Walker was sent copy of ex-parte motion to disqualify you from this civil action?
- ③ I know you receive copy so what the hold up or problem now, I'm not going to allow you to screw me or prolong or allow defendants and attorney general stop or slow down my processing of this civil complaint. Also you not stated or sent me notice if my IFP has been accepted? You wasting my time and prolonging my process. You need to start processing my complaint or do whatever you going to do? I have 2 Judicial Misconduct Complaints on you I don't have problem filing another if you refuse to process my complaint.
